Newsletter # 1

Dear colleagues!

We invite you to participate in the 2nd International Scientific Conference “*High Technologies improving quality of life*” within the framework of Perm Science Forum “Science and global challenges of XXI century” (<http://math.psu.ru>).

The goal of the conference is to create favorable environment for exchanging experience between Russian and overseas researchers solving problems of scientific and practical technologies improving quality of life.

SECTIONS:

1. Biotechnology, ecology and nature management
2. Technologies of aerospace material science
3. Pharmaceutical and medical technologies

The Conference is held in Perm State University (Russia, 614990, Perm, Bukireva, 15).
The languages of the Conference are Russian and English.

The results of the studies will be published in the Conference proceedings and indexed in Russian Science Citation Index (RSCI) by the beginning of the Conference. The presented materials should contain no more than 3 pages.

Selected studies presented by the authors as oral presentations and posters will be recommended by the Conference Program Committee for publication in peer-reviewed journals from the list of Higher Attestation Commission. Results of studies recommended to publication are to be presented as an article and meet the requirements of the journal.

Registration fee:

Form of participation	Fee, rub.
Participation in the Conference	1000
Participation in the Conference for undergraduate and postgraduate students and young scientists (under 35)	500
Distant participation in the Conference	500

See Newsletter #2 for details of publishing requirements, form of payment and other useful information
